

Frequently Asked Questions - Poster Templates

- 1. How do I place my own text in the footer area (white box at the bottom of the poster)?**

To place your own text, simply select the text that is there ('For more information contact...') and delete it. You can type anything in here, such as 'The Western Health Region has implemented two SHN interventions in its facilities: Rapid Response Teams and Surgical Site Infections. For more information, contact:'
- 2. How do I place a logo in the footer area?**

To place your own logo, click on the rounded, white rectangular area to the left of the footer text area. You will then be presented with a file browser from which you can navigate to the location of your logo file. *Please note that the only file types that can be used are .jpg, .gif, .png, and .tif.*
